**Department of Health Services
Children's Medical Services Network
(CMS Net) - Information Bulletin #153**

January Change Cycle

The following is a list of changes which were added to the CMS Net System for the January Change Cycle:

Units Not Printing on SAR: Corrected the problem where the Service Code Units are not printing on the hardcopy SAR.

.cc= null: The word null will no longer display in the carbon copy field.

Search Service Code Screen: Removed the radio buttons next to the Service code selection fields.

Blank Non PMF Field on SAR: The Non PMF provider will no longer display on the SAR if the Non PMF Provider is blank.

Special Instruction wording changed: Changed Newborn Hearing Program to Newborn Hearing Program/Newborn Hearing Screening Program.

Mother's SSN: CMS Net will now format properly when entering the mother's SSN. In addition, a message will display if it is a duplicate.

DX Code Search: The DX Code Search display will now only display the exact match of the entered DX.

New Fields on Patient Registration Face sheet: Additional fields added to the face sheet.

CMSFS-10 Added a two digit field next to Diagnosis field to indicate Treatment of Diagnosis.

CMSFS-20 Added Patient email Address

CMSFS-40 Added Provider's phone and fax number fields.

CMSFS-50 Added a field to indicate HRI by selecting Y or N from a picklist.

CMSFS-60 Added a field to display PSA status (display only)

CMSFS-60 Added Current Prgm Elig Period, Begin Date and End Date (display only)

CMSFS-40 Added MTP Status (display only)

Medical Home Display: Changed the field for users to select the medical home from the Vendor Registration. Allowing users to enter vendors from this field without selecting from the vendor registration table was causing system errors to occur.

Special Characters in Policy # field: Removed the ability to enter special characters in the Policy Number field in the Insurance Coverage screen.

Special Instructions –Added special instruction for Enteral Nutrition Products:

For consideration of reauthorization, CCS will need:

- 1) Request for Enteral Nutrition Products Form;
- 2) Most current MD report; and
- 3) Most current RD assessment/plan documenting need/effectiveness of the product and explaining why the client cannot be advanced to more normalized food products.

CCS Number changes: A permanent number will be assigned at the time of initial registration through the Patient Registration screen. T numbers will no longer be assigned to cases.

Special Instruction - Hearing aid repair/modification: Hearing aid repair/modification claims submitted using this authorization are limited to \$25.00 per unit. Please request a separate authorization for more extensive repairs. 2. Hearing aid accessory claims submitted using this authorization is limited to \$50 per unit. Please submit a request, including medical necessity documentation, for more costly items.

Non PMF Provider Tab

Created a team drop down on the Non PMF Provider tab.

Procedure codes with pricing included on the SAR:

Added new requirements for creating a SAR with procedure codes with pricing.

If the user has the security role to enter "amount":

- 1) All procedure codes on the SAR must have an "amount" ' or
- 2) No procedure codes on the SAR will have an "amount"
- 3) If the user enters an "amount" on a service code line, and other service code lines do not have an "amount" display a message "When entering an amount (negotiated pricing) all procedure codes must include a price. You must enter a second SAR to cover procedures that do not have a negotiated price."
